## **L'es-Car-Go - The French Food Truck's Fall Celebration Gourmet Kitchen on Wheels parks at Bistro Provence Sept. 30**

L'es-Car-Go, the bright green French Food Truck, will be coming home to mama on Sunday, Sept. 30, when it parks itself in front of Bistro Provence in West Houston for an afternoon of food, fun and wine.

Owners Jean-Philippe and Genevieve Guy who also own the popular 14-year-old Bistro Provence off of Houston's west-side Energy Corridor will park in front of the restaurant from 5-8 p.m. and serving up many of its most popular restaurant-quality dishes - French cuisine tweaked with Texas flavors. After purchasing their meals from the "Gourmet Kitchen on Wheels" guests can then seat themselves in the restaurant and order wine from its extensive list of French wines.

The restaurant, located at 13616 Memorial, will not be serving food.

L'es-Car-Go offers a regularly changing menu, featuring different soups such as French Onion or Gazpacho, and sandwiches such as Le Steak Classic (New York Strip with sautéed mushrooms and shallots), Le Cordon Bleu (a hot sandwich with chicken breast, ham, Swiss cheese, and an olive-garlic tomato sauce), Le Vegetarien (lettuce, roasted tomatoes, zucchini, eggplant, onion, bell pepper, garlic and avocados) and the classic Le Croque Monsieur (ham, melted Swiss Cheese and Béchamel).

And, of course, with a name like L'es-Car-Go and the plump snail as its logo, the menu includes a number of tasty and imaginative escargot dishes - a signature feature for this enterprise. Planned items include the Escargots Pocket Pita, a halved pocket pita filled with escargot, roasted corn, black beans, lettuce, tomatoes, avocados, cilantro and yogurt sauce; Escargots Beignets. Hint: Arrive early for an order of Escargots Poppers (deep-fried, almond crusted escargot tossed with hot sauce). They sell out every time.

The Guy's restaurant, Bistro Provence, is, as the name implies, a casual bistro featuring the rich, flavorful dishes of France's southern Provence region. It opened at 13616 Memorial in 1998, long before the current popularity in Houston for French restaurants came about. It can be credited for helping bring that on. Popular with French expatriates and world travelers alike, Bistro Provence has remained a destination for people from all over the area.
